Pahokee Expects Every User To Pay Water Bill Or Else

The Pahokee City Council in regular session Monday night adopted an ordinance rescinding the 10 per cent discount the Waterworks Department has been allowing on city water bills paid by the 10th of the month and at the same time imposing a two per cent penalty on all delinquent water bills, with a minimum penalty of 50 cents. Another ordinance passed in final reading authorizes the discontinuance of water service on the 16th day of the month following non-payment of the previous month's water bill.

An application by Mr. and Mrs. Karl Mindlin for city tax exemption on the new department store building which they plan to build on Lake Avenue was denied on the grounds that such tax exemptions apply only to new businesses being introduced into the city.

A delegation from the Pahokee Chamber of Commerce, headed by President Roy Vandegrift, Jr., appeared before the Council with the request that funds allotted for advertising be increased \$1,000 in the new city budget in order that the city may assist in paying for the Pahokee brochures that are being distributed by the chamber throughout the nation. The Council agreed to earmark the \$423 remaining in the advertising fund of the current budget for the brochure.

Cash Is Ready For Little Court House

The county commission this week approved a fund transfer to allow start of construction of a court house annex in the Glades.

Last month the commission received bids on the project—prices that exceeded the \$100,000 estimate by \$18,000. The low bid of \$118,000 was submitted by John Tschirgi, West Palm Beach builder.

County Commissioner Paul Rardin, on the support of the board, transferred funds from other district capital accounts to make up the difference in price. The original amount of \$100,000 had been set up in a bond issue.

Each commissioner pledged \$7,000 out of his capital outlay funds to make up a \$35,000 total.

The board after approving the fund transfer, authorized the engineer to complete contract arrangements with Tschirgi.

Officials' Wives Are Entertained

While Almer I. Tedder of West Palm Beach, vice president of the Florida State Elks Association, was making his official visit to Pahokee BPOE Lodge 1638, Mrs. L. J. Fraser and Mrs. William Plumer entertained at Mrs. Fraser's home with a barbecue dinner for the wives of visiting Elks and the wives of the trustees of Lodge 1638. There were 14 guests present.

Harvest Queen In Clearwater Contest

Miss Martha Gail Ammons of Canal Point, 1957 Glades Harvest Queen, and her mother, Mrs. C. W. Ammons, will leave Sunday for Clearwater Beach where Miss Ammons, under the sponsorship of the Bella Glade Junior Chamber of Commerce, will participate in the Miss World Softball Tournament. On Mon., the luncheon for the contestants will be held at the Clearwater Beach Hotel at 11 a.m. and the selection of the winner by the judges will take place in the Yacht Club at 5:30 p.m.

Miss Jean Brown of Pahokee is sponsored by the Pahokee Junior Chamber of Commerce.

Halloween Party Canal Point PTA

The Canal Point Parent-Teacher Association held its first meeting of the new school year at the school auditorium Monday night with Mrs. A. R. Harrington, new president, presiding for the first time.

The group made plans for the annual PTA Halloween Party for the children of the community to be held at the school Thursday night, Oct. 31, with W. E. Johnson, chairman, in charge of general arrangements. The party will include the usual costume parade with the awarding of prizes, refreshments and other entertainment.

The only fund-raising project at the party will be the food booth sponsored by PTA.

A PTA-budget of \$454 for the current school year was recommended by Mrs. Oscar Chastain, treasurer, and adopted by the group.

Mrs. William Gist read a message from the president of the National PTA. Yearbooks were presented to those attending the meeting by Osceola Upthegrove.

The monthly attendance award was won by Mrs. Nell Ranson's Eighth Grade room.

Osceola Upthegrove, program chairman, introduced Mrs. Earl Maxson and Mrs. Leonard Maxson who presented a "get acquainted" family fun night program.

Refreshments were served by Mrs. E. F. Hollon and Mrs. Oliver Sheppard, hostesses for the evening.

State Market Road Pushed By Rardin

An effort to speed up improvement of State Market Road at Pahokee is being undertaken by the county commission at the request of Commissioner Paul Rardin.

Rardin told the board this week that immediate repair of the important farm to market road is necessary. He said rebuilding of the road is in the road department budget and he asked that the state be requested to speed up the project at this time.

Mr. and Mrs. C. C. Lemonds have returned to North Carolina after spending the past week at their home in Pahokee. They plan to return here for the season within the next few weeks.

Chamber Will Pick Six New Directors For Coming Year

Nine candidates for the office of director of the Pahokee Chamber of Commerce were recommended by nominating committee at the September meeting of the chamber's executive board held in the Civic Building with President Roy Vandegrift, Jr., presiding.

The candidates include Joe M. Alderman, W. K. Aldridge, Mrs. M. Elliott, L. J. Fraser, Mrs. Helen Hillier, Earl H. Schmidt, Roy Vandegrift, Jr., J. H. Wilkinson, Jr., and C. E. Williams. Of this group six new directors will be elected through mail ballots being sent to the membership this week by Mrs. Mae Pope, secretary.

The resignation of Mrs. Clark Wilkinson, who has served as treasurer for the past two years, was accepted by the board with regrets.

It was announced that LaMont Albertson of West Palm Beach won the grand prize in the chamber-sponsored Black Bass Fishing Contest which ended on Labor Day. For his 10-pound, 5-ounce, catch Mr. Albertson received \$100 in cash from the Bank of Pahokee, a trophy from Miller's Jewelry and a wrist watch from Miller's Jewelry. Horace Harris of Belle Glade won the second-place grand prize.

Plans were discussed for the annual dinner meeting in October details to be announced later.

Pahokee PTA Sets \$10 Room Award

Mrs. Roy Vandegrift, Jr., presided for the first time as new president of the Pahokee Parent-Teacher Association at the September meeting held Monday night in the high school auditorium.

Upon recommendation by the executive board it was voted to present a \$10 cash award to each school room reporting 100 per cent membership of parents in PTA by Nov. 1, and a \$7.50 award for a report of 90 per cent membership at the same date.

It was also voted to hold executive board meetings at 7 p.m. every second Monday night preceding the regular PTA meetings.

Girl Scouts served as ushers at the meeting and Boy Scouts led in the group pledge of allegiance to the flag.

During the reception for teachers following the business session Brooks Henderson, new principal of Pahokee Schools, introduced the teachers. Refreshments were served in the high school patio with members of the executive board.

Cowart Laundry Opened Monday

The new modern concrete block building erected this summer at 53 East Main St. by Cowart's Laundry to replace the old frame building that was completely destroyed by fire last spring is now complete with new equipment installed. Open house was held in the plant all day Monday.

Mrs. Vandegrift Is Lions Speaker

Mrs. Roy Vandegrift, Jr., new president of the Pahokee Parent-Teacher Association, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club. Introduced by Duncan Padgett, program chairman, the speaker outlined the goals of PTA and explained its work in promoting better understanding and closer relationship between the parent, the teacher and the child.

Miss Anita Cowart sang a solo, accompanied at the piano by Mrs. James W. Vann.

W. A. Reynolds was received as a new member, with James W. Vann, past president of the club, inducing him into Lionism.

President J. H. Wilkinson, Jr., gave a report on the Lions zone meeting which he attended in Okeechobee Sept. 7.

March On Polio Is Sorority Project

The Beta Omicron Chapter, Beta Sigma Phi Sorority, at the first meeting of the season, held at the home of Mrs. Clark Wilkinson, made plans for chapter projects for the coming year.

In cooperation with the Xi Alpha Mu Chapter the Beta Omicron group will sponsor the Mothers March on Polio in the Pahokee-Canal Point area, will send Christmas gifts to the patients at the State Hospital in Chattahoochee and plans to make substantial donations to the Florida Farm Colony at Gainesville and to both the International Loan Fund and the International Endowment Fund.

Mrs. Lois White, president, appointed Mrs. Sarah Jane Schmidt contact chairman; Mrs. Norma Aldridge, chapter representative on the Girl Scout Council; Mrs. Ruth Tillary and Mrs. Beth Wilkinson, chapter representatives on the Youth Center Council. Mrs. Tinky Nason, program chairman, introduced Mrs. Wilda Morgan and Mrs. Reece Vermilya, cosmetics specialists, who represented the program, "Body Beautiful."

It was announced the chapter will hold a "secret sister" party during the next meeting at the home of Mrs. Betty Waits the night of Sept. 19.

Teacher Welcome Planned For Mon.

Canal Point Lions at their dinner meeting this week completed plans for their annual reception for teachers of the Canal Point School which will be held in the Community Building Monday, Sept. 16, at 7:30 p.m. A. R. Harrington will be in charge of program arrangements and act as master of ceremonies at the reception. The wives of club members will also be guests.

Milton Carpenter of Belle Glade showed a film on "Safety in the Home." President J. W. Pepper presided.

S. A. Nall, who is employed in Pahokee, is visiting Mrs. Nall for several weeks.

P. Davidson Wins Over Livingston In Belle Glade Race

There will be a new face on the Belle Glade city commission as a result of the annual election. In the first election held on Tuesday of this week Jess Livingston was soundly trounced by Paul Davidson for the Westboro seat and the vote was Davidson 597, Livingston 326.

In the Centralboro race Mayor Zack Ingram, incumbent, retained his seat by defeating Photographer Grant Avillar 528-378.

There will be a run-off in Northboro race where the vote was as follows:

Bob Lanier	321
Marvin Unwin	299
J. E. Williams	127
Cockey Carlton	161

The run-off will be held next Tuesday between Marvin Unwin and Bob Lanier.

The figures above are official and from the City Clerk's office.

The voters approved the establishment of a new sewage disposal and incinerator system by a vote of 361 to 316, and approved a charter change setting up a city manager form of government by a vote of 335-110.

The new city manager form of government will go into effect with the start of the next fiscal year, Oct. 1.

Building A Squad Job At Pahokee Hi

Coaches Web Pell and Bill Howard are hard at work these days trying to get a totally inexperienced Blue Devil team in shape to make a creditable showing against the Bartow eleven in Pahokee's opener at Bartow Friday night Sept. 20.

With Back Richard Weeks, only regular first string man returning to the squad this fall, on the bench with a fractured shoulder Coach Pell, in the backfield, and Coach Howard, in the line, have had to start completely from scratch in the building of this year's team.

At the present stage of training players who are making strong bids for first string positions are Richard Shackford, Wayne Elliott, Robbie Walker and Wayne Unwin in the backfield; Don Thompson, Dale Stacy, Alvy Early, Bobby Mobley, Eugene Crews, Willie Hall and Richard Hatton, in the line.

Herman Austin New Pahokee Rotarian

Herman Austin, principal of Pahokee Elementary schools, became a member of Pahokee Rotary Club yesterday at noon when he was inducted into the club by Past President Paul Rardin. Rotarian Austin was a member of the Volusia County School system for several years before coming to Pahokee last year where he was head of the commercial department. This year he was stepped up to head the elementary school as principal. President Joe Alderman welcomed several visitors at the meeting.

**Here Is What Transpired At Monday's
Meeting Of The Palm Beach
County Commission**

The county commission this week voted to award fire insurance on county buildings on bids—ending several weeks of somewhat hotly contested arguments between the commission and insurance company representatives.

The board some time ago called for fire insurance and extended coverage bids, and on the day bids were to be opened, received a request from insurance men to forego the bids and go back to the old system of handing out insurance policies on a piece meal basis.

The commission took the stand that taxpayers money could be saved by letting the insurance on bids—a point that apparently was well taken in view of the fact that bids received were less than premiums that had been paid in the past.

Monday, on recommendation of County Attorney Harry Johnston, the board awarded its fire insur-

ance to John Turrentine, West Palm Beach, on what Johnston said was the "best and lowest bid received."

In other actions, the board: Approved a lease of county land to the Delray Beach Playhouse for a site for a new theatre.

Took steps to remove a drainage ditch across a road right of way—a ditch which reportedly was keeping property owners from reaching their homes except by the intercoastal waterway.

Turned down a request from the Florida State Turnpike Authority for the county to take over maintenance of county roads which overpass the turnpike. The board said it would take over the roads when the highways were placed in top condition.

Adopted a resolution establishing setback lines on Congress Road between Belvedere Road and Okeechobee Road.

Cinematic Chatter

By Malcolm Millar

World Skiers Will Compete At Cypress Gardens Sept. 13,14,15

Hello everybody! Dolores Michaels, a shapely blonde actress from Kansas City, believes in the Missouri "show me" slogan. It won her a long term contract in the movies and on TV. "I've heard that once an agent takes you on the rounds of all the casting directors in Hollywood, you're through for about a year if nothing happens," she explained. "I felt merely seeing and talking with me was relatively unimportant. I wanted to show what I could deliver on the screen. And the only place I felt I might get a test, as an unknown, was with Ben Bard, who is in charge of Twentieth Century-Fox talent school. I prepared the swing scene from "Baby Doll" and ran into my only difficulty when they tried to talk me out of doing Tennessee Williams. I insisted it provided me with the best showcase, so they allowed me to go through with it." The result was that Miss Michaels was the first graduate of the company's million-dollar training program to win a contract with the studio. Miss Michaels is the daughter of a retired Chicago Cubs ball player. She has studied dancing since she was five. She is married to Maurice Martine, consultant in interior decoration and they recently built a home at Laguna Beach. See you at the movies—Mal.

WORKS IN DELRAY

It is expected the tournament will attract 60,000 spectators during the three days of competition. Some 400 skiers will participate. The tournament will decide the world champions in slalom, trick riding and jumping for the next two years.

The world tournament is held every second year. The first was held in France, the second at Cypress Gardens, the third was staged in Canada and the fourth in Lebanon.

MINISTERS MEET

A sub-district meeting of Methodist ministers of the Glades area was held at the Pahokee First Methodist Church Friday night. Dr. Henry Blackburn, superintendent of the West Palm Beach District of Methodist Churches, presided.

CLASSIFIED ADS PAY BIG DIVIDENDS**Here's How Your Race Track Money Used Many Ways**

MIAMI—Have you ever wondered what happened to the two dollars you lost on a horse last winter at Hialeah?

Well, most of it, \$1.68½, was paid to somebody who held a ticket on the horse that did win. The track kept 14 cents to help pay the operating expenses. But you would be interested most in what the State of Florida did with the 17½ cents it received in taxes from your two-dollar bet. The many and interesting uses of Florida racing revenue came to light in a recent survey made by the Hialeah track.

Eleven and one-half cents of what you lost on that horse has been or is being used to help the old folks of Florida; for housing food, and other necessities of life for residents over 65 years. And your other six cents divided equally among the counties of Florida with 9-100ths of a cent to each, is paying for everything from a tube to a veterinarian.

Of the 67 counties, 61 used all or part of your money for schools,

in five it all went to the public education system. In a sixth, the entire amount was given to the teachers as a bonus. Still a seventh uses revenue from the tracks to help pay the salary of a junior college president. In six other local units, all of your racing tax was spent for highways and bridges. Fifty-five other counties used a portion for the same purpose.

It probably never crossed your mind, as you watched that race at Hialeah, that you were helping pay for public health and hospitals all over Florida. Twenty-one counties appropriate part of their pari-mutuel money for county health units. Six counties already have built hospitals, with the assistance of racing funds.

The tuba and the veterinarian?

Oh, yes! Three Florida counties spend part of their racing funds, your contribution included, for high school band instruments and uniforms. Another appropriates money from the same source to pay the salary of a county veterinarian.

There are many other special uses, including payment for 4-H Club and home demonstration work, harbor improvement, operation of a marine laboratory, building of a football stadium, construction of a swimming pool, for-

est fire control, the maintenance of a county library and farmers' curb market, purchase of an airplane hangar, pest control, canals and drainage, and a veterans' service fund.

Your share, it happens, was only 17½ cent (or was it.) Multiplied by the millions who attend Florida racing every winter, however, you can see that pari-mutuels are an important source of tax revenue. In fact, only gasoline, beverages, the sales tax and the sale of auto tags produce more money for the State. This year, Florida received almost 25 million from pari-mutuels; and each county's share amounted to \$175,000.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

For the big things in your life, be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks for their patriotic donation, the Advertising Council and

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

Population Going Up In Our County

WEST PALM BEACH.—The upsurge of population and the increased industrial expansion into counties of the Central and Southern Florida Flood Control District is revealed in state agency statistics released this week.

Estimated employment as of July in four Flood Control District counties showed a substantial increase over the same month last year. In 1956, 37,000 persons were employed in Palm Beach County and in 1957 there were 41,700. In Broward the increase was from 47,000 to 53,000, in Polk from 38,400 to 45,100 and in Orange from 48,500 to 54,250 for the same period, according to the Florida Industrial Commission.

Gasoline consumed in Florida counties is expressed in the 7c gasoline tax collections reported by the State Comptroller. Statewide, in August, the tax collections jumped from \$7,434,008 in 1956 to \$8,799,083 in 1957. A sampling of Flood Control District counties reveals that Osceola county collections increased from \$34,020 in 1956 to \$33,851 during the same month this year. Other counties in the same order are: Okeechobee \$17,239 to \$19,123; Brevard \$165,582 to \$199,419; and Indian River \$39,306 to \$59,085.

Sales tax collections reveal similar increases. In Martin county sales taxes in July 1956 were \$13,248 and amounted to \$16,958 in the same month this year. In Volusia county the increase for the same period was from \$230,813 to \$273,954 in Lee county \$61,638 to \$71,933 and in Highlands \$16,266 to \$21,036.

Flood Control District responsibilities for safety of human life and property are increasing out of proportion to appropriations to make this obligation a reality.

Jon Russell Pope has returned to New Orleans, La., after a week's visit with his parents, Mr. and Mrs. E. L. Pope, in Pahokee. Jon, who was employed by the Pan-American Life Insurance Company in New Orleans this summer, is enrolling for his Junior year as a pre-med student at Tulane University.

Mrs. H. T. Monroe left Friday for a visit with friends and relatives in Georgia.

Miss Lulu Barfield has returned from a visit with relatives in West Palm Beach and Christmas, Fla.

Screw Worm Dope Is Cause For Injury To Range Cowboy

TALLAHASSEE.—An Okeechobee cowboy is entitled to workers' compensation for injuries received while handling screw worm dope on the range.

Earl Davis, an Okeechobee cowboy, claimed that he suffered injury to the skin on his hands after he had been treating cows with screw worm dope for the Allapattah Cattle Company of Stuart.

The Florida Industrial Commission, in ruling on an appeal of Deputy Commissioner Elmo Robinson, of West Palm Beach, granting the cowboy compensation.

Davis contended that handling the dope in treating cattle caused him to suffer dermatitis of both hands.

The Allapattah Cattle Company and its insurance company contested Davis' claim. They contended that Davis had several opportunities to contract the injury to his hands after he left the employ of the Allapattah Cattle Company on May 23, 1956.

But Deputy Commissioner Robinson after hearings on the case said that although Davis could have been exposed to sources that could have caused the dermatitis, the only evidence indicated that the Allapattah Cattle Company was the last source where Davis could have contracted the skin injury to his hands.

Although Davis worked at several stockyards after leaving Allapattah, testimony was that Davis handled no screw worm dope at those yards.

Deputy Commissioner Robinson said, "I do not find where there is any further disabling or last exposure as such, other than the exposure while the claimant was in the employ of Allapattah."

Davis got benefits of \$1,225, from \$35 a week for 35 weeks.

BACK TO PAHOKEE

Mr. and Mrs. O. M. (Mack) Murphy and sons, Emmett, Richard and Gary, who have been living in Hialeah for the past two years, are returning to Pahokee where they will make their home in the residence at 323 Annona Ave., formerly occupied by the Thomas Handley family, which they have purchased from the Handleys.

Toll Pike Really Takes In The Cash

FT. LAUDERDALE — Total revenue from tolls and concessions on the Sunshine State Parkway during August showed a slight dip under July figures, according to a report released here today by Thomas B. Manuel, Chairman of the Florida State Turnpike Authority.

August gross revenue was \$352,395.22 compared to July's figure of \$374,931.19.

August revenue was augmented by \$40,590.30 income from investments which left net revenue for the month at \$294,763.93.

During August 292,442 vehicles carrying approximately 877,326 passengers traveled 14,031,807 miles. In July 300,758 vehicles carrying nearly a million passengers traveled 14,811,781 miles.

Since the opening of the Turnpike January 26, a total of 2,355,447 vehicles have carried more than 7,000,000 passengers a total of 104,020,325 miles. There was one fatal accident during the month bringing to three the number of people killed in accidents on the Turnpike since its opening.

Feeder Calf Sale Scheduled Sept. 11

WINTER HAVEN — "Consignments for our Angus Feeder Calf Sale, Wednesday, September 11, closed with 1200 head consigned. We anticipate the best feeder sale we have had in the ten years we have been holding such sales. The demand is very strong for feeders, Manager L. H. Thompson of the Gainesville Livestock Market advised in his weekly market summary to L. H. Lewis, Director of Florida State Markets.

The Gainesville Livestock Market also reminded us of its September 18 Hereford and all other breeds sale, including Angus not included in the Angus sale, of color Angus, Black-White face, all crosses. Herefords will be sold first except late arrivals," Lewis said.

"Manager George C. Young says, 'Don't forget the Aberdeen-Angus Feeder Calf Sale, Wednesday, September 18 at Glades Livestock Market, Bell Glade. Contact this market or Bill Stitt at Cleveland for consignments and don't wait too late!'"

"A total of 9,918 cattle and calves and 3,302 hogs and pigs were sold through 16 livestock auction markets the past week, 11 of which reported \$376,462.12 gross sales. During the week end September 2, 18 auction markets sold 11,375 cattle and calves and 3,449 hogs and pigs with 11 markets reporting gross sales of \$353,024.58. Little Blue Devils At Clewiston Tues.

The Pahokee Junior High football team will open its season's schedule in a game at Clewiston Tuesday night, starting at 7:30.

Approximately 40 boys are taking part in the afternoon practice sessions on Lair Field under the tutelage of Coach Leland Keene who is being assisted this year by James Threlkeld of the Canal Point Junior High School. Coach Keene reports his Baby Blue Devils have plenty of spirit but very little experience against outside competition. He expects, however, his boys to make a good showing when they meet the baby Tigers at Clewiston Tuesday night.

The Pahokee Junior High Schedule:

- Sept. 17, Clewiston, there
- Sept. 24, Stuart, at home
- Oct. 1, Bell Glade, there
- Oct. 15, Clewiston, at home
- Oct. 29, Bell Glade, at home
- Nov. 12, Stuart, there

Veteran Service Officer To Visit

L. V. McClelland, County Service Officer for Palm Beach County, has invited R. G. Averitt, a representative of the Florida Department of Veterans Affairs, as a consultant on matters concerning Federal or State Benefits to Veterans, their dependents or survivors.

Mr. Averitt, will be available for personal interviews from 3:00 P. M. to 4:30 P. M. Monday September 23rd, at the veterans service Office located in the Sanders Building, in Bell Glade, and from 8:30 A. M. to 11:30 A. M. September 24th, in the veterans service Office located in the City Hall, in Pahokee Florida.

Mr. McClelland, stated that the close cooperation between the local veterans service office, and the Florida Department of veterans affairs, located in the V. A. Regional office in St. Petersburg, results in better service to all veterans and their dependents who reside in this area.

Joe Meredith and children left the past week for a visit, with relatives in Arkansas.

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it cash back—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds. Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,548.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the easy way—then 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest annually by Treasury check.

Choose your own savings goal

If you want approximately		
\$5,000	\$10,000	\$25,000

Christian Science Group Of Canal Point

How spiritual perception of the true nature of man brings growth and progress will be set forth at Christian Science services Sunday. Scriptural readings in the Lesson-Sermon on "Man" will include the following from Acts (17:24, 25): "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's hands, as though he needed any thing, seeing he giveth to all life, and breath, and all things."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (203:13): "Spiritual perception brings out the possibilities of being, destroys reliance on aught but God, and so makes man the image of his Maker in deed and in truth."

Industry Is Coming To Many Counties

TALLAHASSEE—A number of Florida counties which have not figured in the industrial development of the state previously attracted a considerable amount of industry during the first six months of this year. So says William C. Shelton, chief of the research department of the Florida Development Commission, in a report on new industrial development.

The state obtained 386 new manufacturing plants or major expansions during the first half of 1957 which will provide 15,100 new jobs. During all of 1956, a total of 441 new industries were added, employing 33,000 persons.

While the eight leading industrial counties obtained 68 per cent of the new plants, Shelton explained, a total of 48 counties have received additional industrial development.

Of the hitherto underdeveloped counties, industrially, Okaloosa landed a missile research and testing center which will employ an expected 600 persons. DeSoto County also has been selected for a plant of Gulf Naval Stores with a payroll of \$1 million a year.

The most significant new industrial development announced during the six-month period was the Houston, Texas Gas and Oil Company natural gas pipeline. The pipeline is expected to provide a stimulant to Florida's further industrial expansion by making natural gas available statewide.

Florida has attracted many big names of the industrial world within recent months. Corporations such as General Electric and Minneapolis-Honeywell have located in Pinellas County. Schlitz and Anheuser-Busch breweries have selected sites in the Tampa area; the Martin Company has located near Orlando and Pratt and Whitney Aircraft is building near West Palm Beach, while Chemstrand Corporation has announced a major expansion program in the Pensacola area.

Miss Sadie Wilson left the past week for a visit with relatives in Alabama, Tennessee and Oklahoma.

U. S. 1 Traffic Will Be Snarled In May

The proposed closing of U. S. 1 will be needed in final stages of construction of the Loxahatchee River bridge at Jupiter is posing somewhat of a traffic problem for the county commission.

Commission Chairman Kenneth Fossey said Monday that present plans call for improvement of State Road A1A by May, and using that route as a detour for traffic over U. S. 1. Several weeks will be needed in final stages of construction for the bridge and it is the hope of the commission that alternate detours will be available by that time.

One alternate being investigated by the commission is completion of Donald Ross Road bridge at an early date which will allow the road department to direct traffic back to Juno Beach by Donald Ross Road instead of sending traffic into Lake Park over the detour.

Changes in the river channel and other construction problems—including delivery of steel—are involved in completion of the Jupiter bridge, Foster said.

GOES TO ICELAND

Lt. (jg) David W. Ramey, who was stationed by the U. S. Navy in AEWON Two at Malta through July and August, has been transferred to Iceland, stopping off at the Patuxent River base in Maryland for a few days last week during the transfer, according to word received by his parents, Mr. and Mrs. George Ramey.

The growing U. S. population is expected to stabilize the demand for new homes at a good market level. By 1965, points out the Tile Council of America, there will be an increase of 22 million people, many of whom will be seeking better home built of lasting materials.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45. This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank; annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Garden Clubs Join For First Meeting Of The New Season

The Pahokee Garden Club and the Canal Point Garden Club will start the season's activities together at a joint kick-off supper meeting in the Community Building at Canal Point Tuesday, Sept. 17, starting at 7 p. m., according to plans announced at a meeting of the executive board of the Pahokee Club at the home of the president, Mrs. O. R. Bleech, Tuesday morning. Mrs. L. L. Shirley, to have charge of the program will, introduce as guest speaker John C. Stephens, project supervisor of soil and water conservation, research branch, USDA. Husband of club members will be guests.

Mrs. Claude Stirley, garden center chairman, designated as work days for the Pahokee Club Thursday of every week, starting Sept. 10. On these days members will convene at the workshop in the Shaughnessy Apartments on Bacon Point Road to make various kinds of flowers and dried arrangements for sale. Those who plan to be at the workshop for luncheon are expected to bring sandwiches.

Mrs. Jean Bacon and Mrs. W. C. Darden were voted into the membership of the club.

Mrs. Jess M. Elliott, junior garden chairman, announced that she plans to work with sixth-grade girls and Girl Scouts in junior garden activities during the coming season, starting next week.

Mrs. Carl Kolstad, hospitality chairman, reported there will be four club luncheon meetings this season, with Mrs. Norman Kennedy in October, with Mrs. Frank Friend in November, with Mrs. Frank Shaughnessy in February and with Mrs. L. L. Stirley in March. There will also be the joint installation luncheon with the Canal Point Club in May.

It was announced club dues not yet turned in, which were payable in May and delinquent in September, will be collected at the Sept. 17th meeting.

Program and activity plans for the coming year were completed at the meeting, an outline of which will be printed in a yearbook under the supervision of Mrs. Norman Kennedy.

WALTER S. HARDIN of Bradenton [above] this month was elected to the chairmanship of the Florida Real Estate Commission by his fellow commissioners. He replaces Morrison I. Taylor, Jacksonville, whose term expired. Henry M. Jernigan, Ft. Pierce, stepped up to the vice-chairmanship and Robert T. Brinkley, Tallahassee, was appointed by Governor Collins to fill the vacancy occasioned by Taylor's retirement.

Pahokee Expects—

(Continued from page 1) named City Attorney Ralph Johnson, Mayor F. S. Parrish and City Clerk Patsy Bachelor on a special committee to meet with local insurance agents for the purpose of working out an acceptable program for city insurance, with Councilmen also to attend these meetings, if convenient.

Dr. and Mrs. L. W. Armstrong in a written communication to the Council stated they had purchased two buildings on Lake Avenue from Karl Mindlin and made preparations for moving them to lots in the Negro section for use as rooming houses upon assurance by Building Inspector Frank Thompson that such action would comply with the city's zoning laws. After moving operations started, however, it was discovered the building inspector had mistakenly believed the lots were classified commercial whereas their actual classification is residential. In order to comply with present zoning laws the smaller building can be moved only to the lot intended for the larger building which cannot be moved at all.

The Armstrongs pointed out that unless this situation is remedied they will suffer a substantial financial loss in the transaction because to the city building inspector's error, however, the Council was disinclined at the Monday night meeting to vote for the spot zoning that would legalize the moving of the two buildings in accordance with original plans. An application by R. O. Crosby for the extension of a water line to service new buildings he is constructing in the McClure Road section was referred to the waterworks commissioner for study after Waterworks Superintendent Robert Schrader estimated 950 feet of pipe would be required for this extension.

It was voted to make signed purchase orders mandatory in all purchases made by the City. City Attorney Johnson was in-

structed to draw up a contract between the City and the Pahokee Housing Authority for furnishing city water to the two housing projects now under construction in Pahokee.
